Laser Hair Removal

Your laser hair removal treatment is **exclusively** provided to you based on your skin care needs, wants & desires. Before your treatment, you will experience a consultation with one of our licensed technicians in order to provide you with a unique & safe skin care treatment.

How It Works

Laser hair removal works by using safe and effective laser technology to target the pigment in hair follicles under your skin. The laser light is pulsed within the skin and absorbed by your hair follicles, which damages them so prevents them from growing back.

Treatment Areas

Full Face | Upper Lip | Chin | Neck | Shoulders | Underarms | Chest Back | Stomach | Arms | Hands | Backless | Bikini | Legs | Feet

Laser hair removal treatments are FDA approved and have been proven successful at reducing unwanted hair in millions of clients. Say goodbye to annoying, unwanted hair by receiving your customized treatment with our

SKIN CENTER

STOP RENTING, BUY YOUR FIRST HOME!

Why pay for someone else's mortgage, when you can pay for your own? For many people, the goal of buying a home through the advantages of renting. While renting on the rent, there is a return to there a fixed monthly payment and pay YOUR OWN mortgage.

If you plan to stay in your home for more than 10 years, buying a home will save you thousands of dollars in renting.

REASONS TO HOME OWNERSHIP:

- Tax deductions including all mortgage interest*
- The power for appreciation
- A portion of your payment goes towards principal**
- Payment eventually ends

THINGS TO DO WITH THE FAMILY THIS SUMMER

Perspective

As the summer months roll in, it's time to take a step back and reflect on the past year. This is a great time to look at the things you've accomplished and the challenges you've overcome. It's also a good time to set goals for the future and think about how you can make the most of the time you have left in the year.

ARTICLES OF THE MONTH

Mega Popsicles

My kids love to eat popsicles, but I don't want to buy them. Here are some recipes for making your own mega popsicles.

Transformational Mindset

Transformational mindset is a way of thinking that allows you to see the world from a different perspective. It's a mindset that is open to change and growth.

Different yet the Same

As narrated by: Ronna Sue Stubbs
Photo: Douglas

Specifically address those that 90% percent of our total population are African American. It is a well established fact of our country that we are a diverse nation. The fact that we are diverse is not a problem. It is a strength. It is a source of pride and something that we should be proud of. It is a source of strength and something that we should be proud of. It is a source of strength and something that we should be proud of.

It is a source of strength and something that we should be proud of. It is a source of strength and something that we should be proud of. It is a source of strength and something that we should be proud of.

THE TEAM

Our uniquely different marketing company offers stunning graphics and design solutions. Our team excels at creating mind blowing ideas while executing world class client brand experiences. By laser focusing on customer needs, goals and desires, your Imaginary Friends educate, motivate and inspire the community and the universe.

JON PERRY

president & founder

Met Jon Michael, the dynamic founder and creative heartbeat of Imaginary Friends Design Studios.

With an unwavering passion for design and an unquenchable thirst for learning, he began his journey with self-taught HTML skills in 1996 during his senior year in high school. Jon Michael has thus been crafting compelling websites for over a quarter-century, continually adapting to the evolving digital landscape.

An alumnus of Arizona State University, Jon Michael holds a bachelor's degree, but his true education never ceases. He returned to his beloved hometown, Yuma, in 2002 and took the helm of his family's business. During this time, he also birthed Imaginary Friends Design Studios, which has since grown into a

trusted creative partner for the Yuma community, now celebrating its 22nd year.

Jon Michael is more than just a creative mastermind. He's an insatiable reader, devouring over 250 books annually. This wealth of knowledge and insight is not just for his personal growth, but it also powers the development of his business. Above all, it equips him to better serve Imaginary Friends' clients, solving their problems with innovative, bespoke solutions.

On a personal note, Jon Michael is a die-hard fan of the San Diego Comic-Con, having attended consecutively for over a decade. This detail might seem unrelated to his work, but it's precisely this spirit of adventure, imagination, and endless curiosity that makes Jon Michael, and by extension, Imaginary Friends Design Studios, an indispensable asset to their clients.

MELONY MARTIN

office manager

Melony is the office 'mom'-ager coming in like a wrecking ball to shake things up and help drive the team to an elevated standard. If something goes awry, you can be sure Melony will be there to straighten things up.

PETE WENDT

print tech + chief energy officer

Pete is a different individual and he embraces his abstractness. Creating things is the oxygen that keeps him alive. Self taught, from art and music, to customizing cars and he sure enjoys cheap beer. These are some of the things that Pete loves most.

ANA RUBIO

graphic designer

Ana grew up with an interest in traditional art and illustration. She pursued a major in graphic design at AWC and later transferred to NAU, graduating with a Bachelor's Degree in Visual Communications.
